## RANGE: CHESTERFIELD

Chesterfield is a classic, soft & supple embossed rub-off hide that is mainly associated with deep buttoned furniture such as Chesterfields.

**PLEASE NOTE:** After the hide is upholstered, the dark, thin topcoat must be rubbed off to give the required antique effect, then it must be spray sealed with the appropriate lacquer. All rub-off solution and lacquer details are available on request. This leather is subject to colour change in use. A more careful maintenance and understanding of this type of leather is required by the customer to ensure that the leather is fit for purpose.
